

Celebrating 10 years of Success

“Our Vision is that no kidney disease sufferer should die due to a lack of dialysis facilities.”

“as many as **10 million** adults in Pakistan may suffer from **kidney disease**”

(source: Dr Tazeen Jafar, Assistant Professor & Consultant Nephrologist, Aga Khan University Hospital, Karachi, World Kidney Day, 9th March, 2007)

The Average **Cost of Dialysis** to a patient in Pakistan is £2,250 per annum (Rs.275,000)

The cost to a patient cared for at a Noor Foundation centre is £0.00

To date, The Noor Foundation has performed in excess of **175,000** free life-saving dialyses

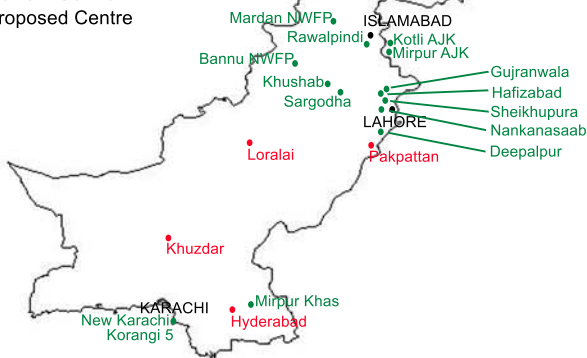

100% of **ALL donations** goes directly to patient’s treatment, *administrative costs are borne by the volunteers*

At present there are **15 FREE** Noor Foundation Kidney Dialysis Centres **throughout** Pakistan
