

The Noor Foundation is a worldwide charity registered in the UK that establishes free kidney dialysis centres and gives free kidney dialysis treatment to poor and needy sufferers since 1998, the first focus being in Pakistan.

Why Kidney Dialysis?

Treatment at Mirpurkhas dialysis centre

Kidney disease is one of the biggest killers anywhere in the world. One person in every 100 will die from kidney failure if it is not treated properly. In countries like Pakistan, very few dialysis centres exist. Those that do are located in the main cities, away from where most of the population lives. Those that cannot get to these centres simply die.

How much does it cost?

Treatment at Korangi dialysis centre

A four-machine dialysis centre costs c £50,000 to set up and a further £10,000 a year to run. (1 shift daily)

What we done so far?

We have set-up and run seventeen state-of-the-art kidney dialysis centres, comprising a total of 100 dialysis machines – set up costs of

£1,000,000! Since these kidney dialysis centres were established, we have completed over **185,000 free** kidney dialyses. Our 17 centres are located along the length and breadth of Pakistan in Sheikhupura, Kotli, Gujranwala, Sargodha, New Karachi, Korangi, Mir Pur, Khushab, Mir Pur Khas, Mardan, Hafizabad, Bannu, Nankanasaab, Deepalpur, Hyderabad, Pakpattan & Rawalpindi

Treatment at New Karachi dialysis centre

Some interesting facts

- 100 machines in operation
- Total cost of machines: £1Million
- Free dialyses per month: 5,000
- Annual running costs £250,000
- Cost per dialysis: Rs1,500
- 185,000+ free dialyses
- Deaths during dialysis: None
- We have more patients than all Government centres put together

How do we spend your money?

100% of your donations goes towards the cost of lifesaving dialysis treatment and machines.

All administrative costs are personally borne by volunteers of The Noor Foundation UK.

Our vision and future plans

Our vision is that no kidney patient should die from lack of available dialysis facilities or funds. We intend to open 30 centres by 2010.

This year **we have opened** centres in **Hyderabad and Pakpattan** & we plan to open two more dialysis centres in:

- Loralai, (Balochistan)
- Khuzdar, (Balochistan)

How can I donate?
